

**Alu-Cab**<sup>TM</sup>  
ULTIMATE OVERLAND PRODUCTS

# CANOPY CAMPER

STARTING AT  
**\$9,495**

New **Dual Layer Tent** constructed of heavy duty 400-gram UV-resistant, rib-lock waterproof canvas

Proven Alu-Cab **aluminum extrusion space frame construction** provides the highest strength while maintaining the lowest weight possible

Cavernous interior storage with up to **116 cubic feet** on 6' models and **98 cubic feet** on 5' models

**Class exclusive full rear swing door** allows unmatched ease of access and protection from dust and water intrusion while in motion

**100" x 54"** sleeping platform accommodates all heights with room to spare

Two piece gas strut assisted bed platform features a **75mm thick high density foam mattress with zip off cover**

**Class exclusive Spare Tire Carrier** allows a full size spare (up to 33") to be mounted on the campers rear door

**Class exclusive Cab Over Storage** utilizes this typically overlooked space for a full size folding aluminum table and instant shower enclosure

Rear **Molle Storage Panels** allow hazardous gear like fuel and propane to be stored safely outside the camper

Oversized **Side Flip Doors** allow unobstructed access to your gear while the flexhinge and bulb seals keep that gear dry and free of dust

Integrated **Canvas Storage System** offers over 20 storage areas with nearly no additional weight

**Dual Color National Luna LED Lights** offer bright white light when needed and red light around camp

**Standard Roof Tracks** allow endless roof rack or load bar options to accommodate all your gear

Optional **Shadow Awn** offers 108 sqft of exterior coverage from the sun and the elements
