Mt. Bachelor Extended Stargazer Summit

Mt. Bachelor Summit Tent is our 2 person tent.

The Summit Model has an upgraded floor made with a diamond plate honeycomb aluminum.

The Fabric is a 380g compared to 280g on our standard Pioneer Series Tent. Straps on the cover are a cinch buckle versus Velcro on the Pioneer Series.

The mattress comes with a Waterproof mattress cover instead of cotton. The interior poles are material wrapped and the center pole has built in LED Lighting with on, off and dimmer switch as well as 2 USB ports. Telescoping ladder, the ladder has a release on the face of the steps and bumper stops between each step. All the plastic fitting have been upgraded to alloy (on hinges), D-rings are bigger and Velcro is thicker. The rain fly is heavier with quick release buckles. The Summit Model tent also includes two shoe racks (one on each side of the ladder), Annex walls, removable 6" annex extension, and a removable PVC floor.

THIS PRODUCT IS CURRENTLY OUT OF STOCK AND UNAVAILABLE.
