Dear New Four Wheel Owner:

I want to thank you for your recent order and welcome you to the Four Wheel Camper Family.

Enclosed is a copy of the Purchase Contract and Customer Deposit for your personel records. Please review and sign this letter and the enclosed contract, then return it to us in the self-addressed envelope provided. Your camper will not be put in to production until all forms are signed and returned to us. Please contact us if you find any mistakes or want to make changes to these documents. We allow 10 days from the date of your order to make the necessary changes, additions, or deletions of options. Changes outside this time frame will incur an additional production charge, or may not be possible.

Camper Installation:

It is important that you remove the tailgate, drop in bed liner, topper, all dirt and debris etc. from your truck bed prior to installation. This will enable our technicians to install your camper without having to clean out the bed or remove items that could be damaged, eliminating additional labor charges and speeding the process of installation.

Please do not hesitate to give us a call if you have any questions or concerns regarding your camper order. We will be contacting you prior to your installation date to ensure that the time and date is confirmed and agreeable to your schedule. I look forward to seeing you soon and hope you have many enjoyable trips with your new camper.
