

For Sale: Aluminess Rear Bumper System

Aluminess Rear Bumper system: \$2,500

The Aluminess Rear Bumper System includes two bike carriers, two Deluxe storage boxes, three swing arms, and a Milwaukee storage box. The Aluminess rear bumper is designed to fit a 2003 to 2005 Dodge Ram truck. The bumper has LED backup lights and a license plate LED light.

Additional Items include:

- 10 lb propane tank and two AT Overland 10 lb propane bottle brackets.
- Custom attached RV folding step. Also included is a third step that can be bolted to the bottom RV step. This creates a rock steady entrance step.
- RESTOP toilet.
- Milwaukee storage box for storing used RESTOP waste bags and trash.
- Two bike carriers and one waterproof bike cover (one of the carrier is designed to fit fat bikes).

One of the swing out arms can be configured as a cargo rack.

Photos

The following pictures show the items.

Closeup view of bike carrier #1. This version can not handle fat bikes. The included bike carrier #2 can.

View of bike carrier #2, able to carry fat bikes, which are much larger than mountain bikes. Includes bike cover.

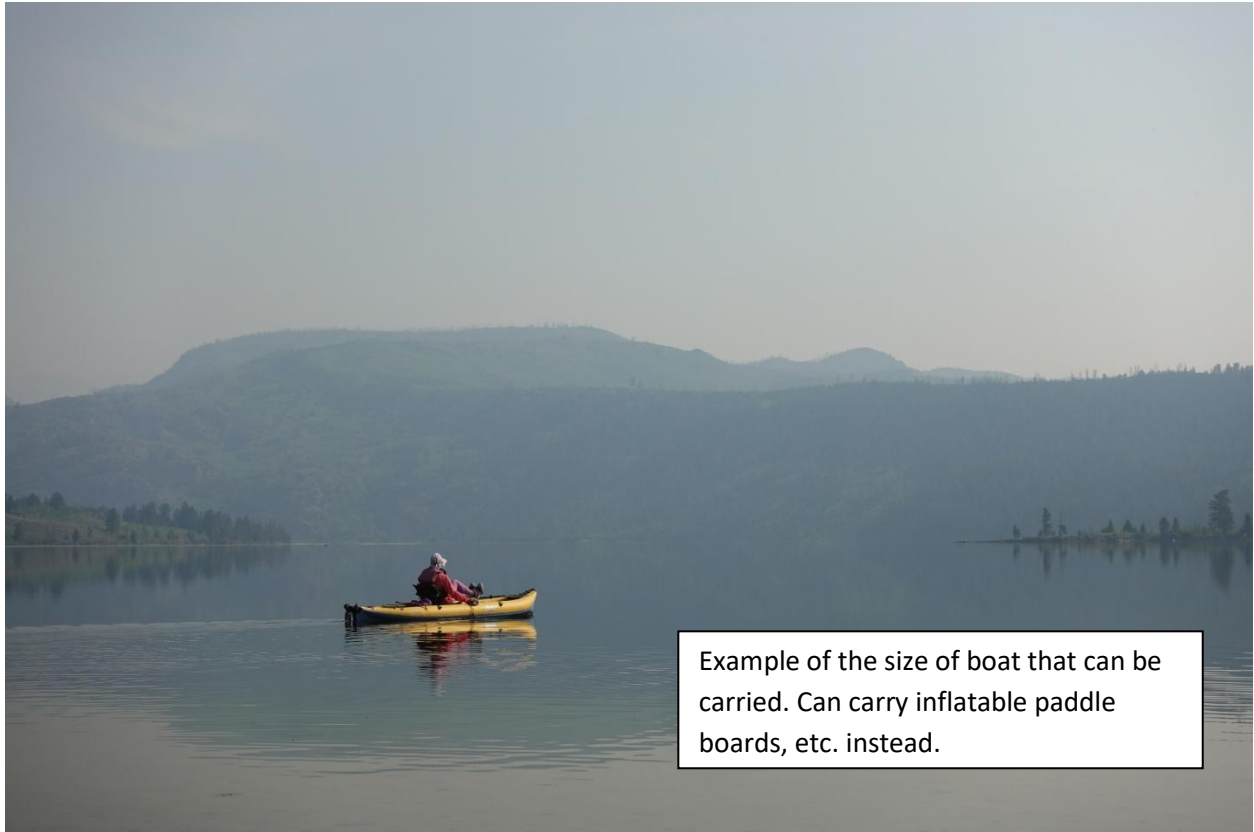

View of bike carrier #2, able to carry fat bikes, which are much larger than mountain bikes. Includes bike cover.
