

2006 Honda Element ECamper for sale with 57,890 miles • \$18,000

It's time to sell my beloved ECamper Simon. The mileage is super low, it has an auxiliary battery power system, a camper build downstairs, screens and window covers, and the famed pop-up by Ursa Minor, 2nd gen.

57,890 miles • \$18,000 • ECamper #380 installed at Ursa Minor in San Diego in 2014, 2nd gen higher top Automatic LX FWD • Atomic Blue Metallic Arizona/Florida car • 3rd owner, purchased June 2016 Camper build downstairs (see below). Removable, no permanent modifications to car • Well loved, cared for, and maintained Runs great • Most maintenance records • All recalls completed New battery this year • Tires <10K mi. • Just passed an inspection

See <https://ursaminorvehicles.com/campers.html> for details on pop-up camper and upper bed for 2

Power and Light

Deep-cycle aux battery with charger, isolator, and 2000-watt inverter with 3 AC power ports and 1 USB port, string lights.

Bed/bench

3/4" plywood, four adjustable legs, comfy 3.5" foam cushion with custom cover made of designer canvas that snaps on. Under bench storage area.

As a cushioned bench, it lets you sit upright and use the shelving and counter space. To form the 6'4" x 22" single bed, it extends over the flat front passenger seat with a second matching cushion that Velcros on.

Secure attachment: Channel nuts (inserted in channel that held back seat) with steel brackets, and turnbuckle attached to anchor point in rear.

Shelving and cooler/counter space

Vintage plywood cabinet with 3 shelves, vinyl tile surface, cargo nets, and additional back access through side door.

Secure attachment: Channel nut (inserted in channel that held back seat) with steel L bracket, and ratchet strap between anchor point in rear and D-ring attached to cabinet.

A Coleman Extreme 5-day cooler is anchored to lower countertop with bungees through its handles attached to D-rings in cabinet.

Reindeer bottle opener!

Windows and Privacy

Five custom fit Reflectix covers for rear and back windows.

Magnetized screens for middle windows and hatch.

Two pillow-case style screens with elastic drawcords for front windows (like Skreenz).

Two front side magnetized window curtains.

Custom Honda Element front sunshade by Heatshield.

Curtains, rod, and attachment points between front seats/rear.

Flooring

Honda all-weather rubber mats, foam mats, carpet.

Extras

KARR Security System with keyless entry.

12-volt cooler with AC adapter, Velcroed between front seats.

Pioneer HD radio/CD player, Bluetooth, iPhone compatible, USB.

Heavy duty fold-out cup holder attached with Sugru.

Thule mounting brackets installed on pop-up roof.

Interior exit handle and lock in hatch installed by Ursa Minor.

Back seats and cargo cover removed but included in sale.
