DIMENSIONS

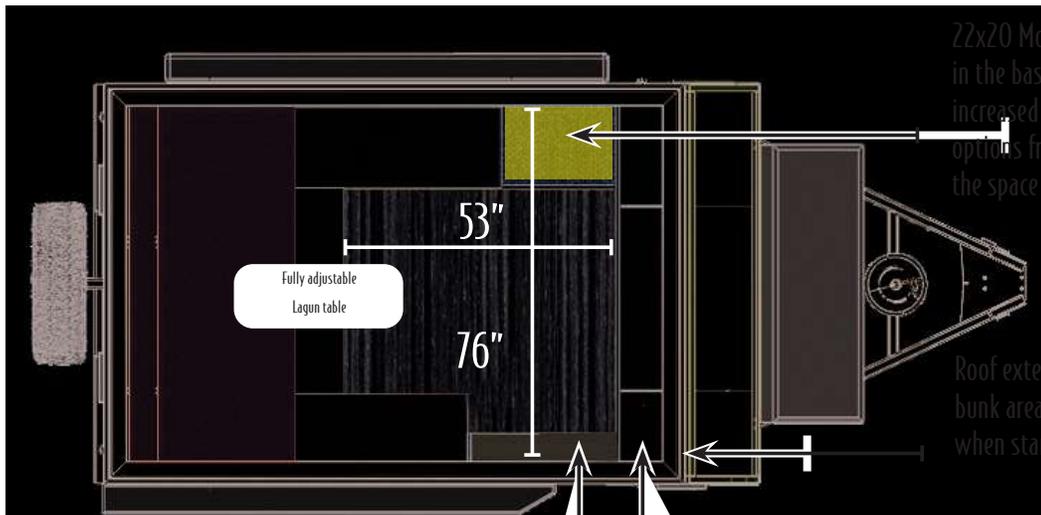

Average Weight - 3,200-3,400lbs with popular options

Average Tongue Weight - 300-350 lbs with popular options

FLOOR PLAN – DINETTE

Lagun table allows you to position the dinette table (white) just about anywhere to make the best use of the large internal space.

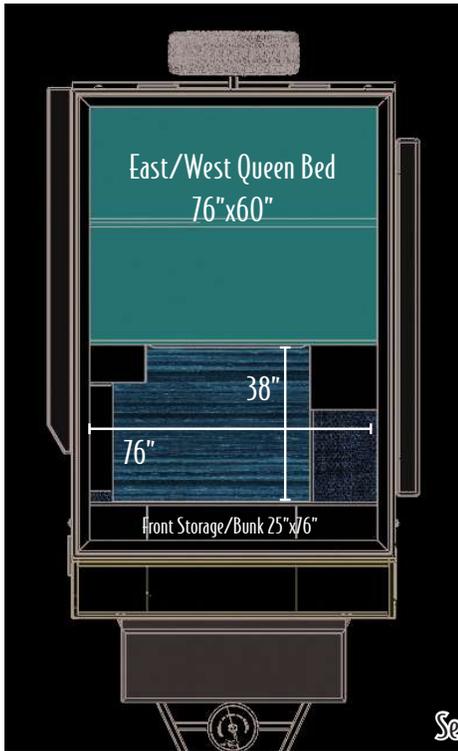

22x20 Modular Area: This area comes empty in the base model. Keep the area open for increased floor space, or add one of the options from the next page to customize the space to best suit your needs.

Roof extends over the front storage/ bunk area giving you ample shoulder room when standing at the end of the bed.

FLOOR PLAN – BED OPTIONS

East/West Queen Bed

- 2 - 30x76 Bed Panels
- 1 - support table

North/South Queen Bed

- 2 - 30x76 bed panels
- 2 - support tables

North/South King Bed

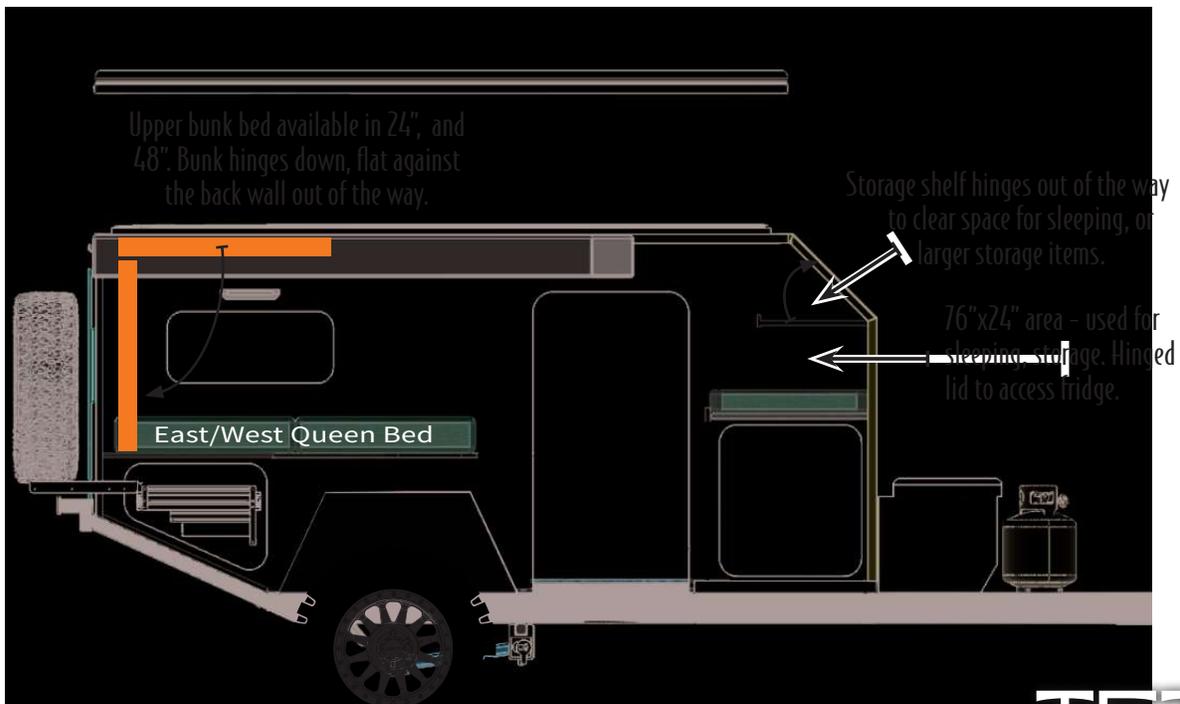

- 2 - 30x76 bed panels
- 1 - 16x60 bed panel
- 2 - support tables

Second support table doubles as an outdoor table when not in use inside, or folds flat for easy storage. (Beds in North/South configuration shown transparent to highlight second bed support table)

ADDITIONAL SLEEPING

Multiple sleeping options to fit your family's needs. In addition to the standard bed options and the ability to use the front storage bunk for sleeping, you have the option to add an upper single or double bunk bed. The rigid structure hinges out of the way to maximize floor and dinette seating space when not in use.

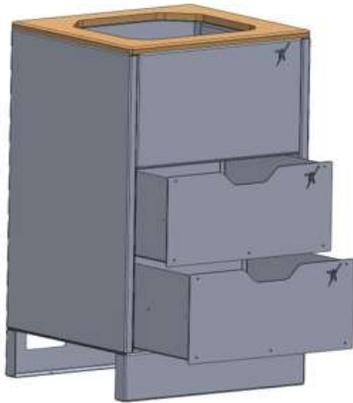

FLEX STORAGE AREA OPTIONS

22x20 Modular Area: This area comes empty in the base model. Keep the area open for increased floor space, or customize the space to best suit your needs.
